Barnstable Village Improvement Association
Brick Walk Collection
1996-2003
MS. 113

Extent: 2 boxes

Scope and Content Note: The collection consists of records documenting the work of the Barnstable Village Improvement Association (BVIA), primarily the planning for and installation of the Village Memorial Brick sidewalk project. The collection includes BVIA bylaws, meetings minutes, financial records, lists of brick purchasers and inscriptions, etc.

Historical Information: The BVIA was established in 1996 “to preserve and improve the physical character of Barnstable Village to ensure its attractive nature;...and to aid the Town of Barnstable in expressing objectives of its residents.” Its mission differed slightly from the Barnstable Village Civic Association, established in 1987, as the BVIA’s primary focus was on beautification and installation and upkeep of the memorial brick sidewalk.

Residents and visitors purchased bricks to help construct the sidewalk, and then had the opportunity to have their brick or bricks inscribed with a name, a quote, or other words.

Access: Unrestricted access. Credit Sturgis Library for reproduction.

Acquisition: Donated by the Barnstable Village Civic Association, 2011.

Processed by: Lucy Loomis, December 2014.
